COMPANY PROFILE

QHSE INTERNATIONAL

QUALITY HEALTH SAFETY ENVIRONMENT

A Global Quality, Health, Safety, Environment, ESG & Risk Management Consultancy

www.qhseinternational.com

ABOUT US

QHSE International is a global HSE consultancy and safety training provider, delivering quality, health, safety, and environmental (QHSE) consultancy services to organizations operating across complex, high-risk industries worldwide. With an established international presence across the UAE, United Kingdom, Philippines, and USA, we provide global safety consultancy, ISO certification consultancy, environmental management services, and workplace safety solutions, supporting clients in achieving regulatory compliance, operational excellence, and sustainable performance across multiple jurisdictions. Our core services include health and safety consultancy, environmental consultancy, ISO 45001 and ISO 14001 certification support, risk assessments (HIRA/JSA), safety audits and inspections, PTW and LOTO systems implementation, corporate HSE training programs, incident investigations, and integrated management systems consultancy. We specialize in power plant safety audits, construction safety consultancy, IFC construction and environmental compliance, oil and gas HSE services, renewable energy projects, infrastructure safety management, and large-scale project risk management. Our team has extensive experience supporting projects aligned with the standards of the International Finance Corporation (IFC), including IFC Performance Standards, Environmental and Social (E&S) requirements, lender compliance audits, contractor management, stakeholder engagement, and construction-phase E&S monitoring. We assist clients in meeting international financing requirements while maintaining robust health, safety, environmental, and social governance practices. We operate at the intersection of global standards and local compliance, aligning our solutions with Occupational Safety and Health (OSH) regulations in the Philippines, and international best practices, ensuring seamless compliance and sustainable performance across global markets.
